

# SHANGHAITECH Summer Lab 2020

REACH  
YOUR  
POTENTIAL

A Summer Lab Program  
for Undergraduates from  
Partner Institutions

6-8 weeks (beginning July 6, 2020)

A young university located in Zhangjiang Hi-Tech Park, one of China's most innovative zones, ShanghaiTech offers vibrant study and research environment for students all over the world. Every summer, ShanghaiTech provides a unique research opportunity for a small number of undergraduates from partner institutions, organized and coordinated by the Office of International Affairs.

This is a non-credit program for international students who seek to conduct summer research in a different cultural setting under the guidance of our professors (*80% of them earned their PhD abroad and around 15% of them are foreign nationals*). You can choose a lab of research interest in almost all our schools and institutes, with a chance to do experiments on world-class research facilities and national science platforms which are not easily accessible for students outside ShanghaiTech. To enrich students' experience, the Office of International Affairs also organizes a free cultural tour in the city or the nearby water town, as well as an exciting visit to domestic and international companies in the Hi-Tech Park.

## **DURATION:**

Six-week session: July 6 to August 14, 2020

Eight-week session: July 6 to August 28, 2020

**More Details**

<https://www.shanghaitech.edu.cn/eng/2018/0130/c5242a50095/page.htm>

## ELIGIBILITY

Students wishing to participate in the Summer Lab Program must meet the following criteria:

- Be a current undergraduate student enrolled at a **ShanghaiTech partner university**
- Have completed at least one academic year at their home university
- Have a cumulative GPA of 3.0 or higher (4.0 scale)
- Good English communication skills (no Chinese language skills required)

## ACCOMMODATION

Participants will live in on-campus dormitories. Housing is allocated on a random basis. In most instances, visiting students will share a room with one or two other students.

## FEES

- Tuition and registration fees are **WAIVED** for students from partner universities.
- The accommodation fee for a six-week session is 150 USD and for an eight-week session is 200 USD.

## CERTIFICATE

Participants who successfully complete Summer Lab Program will obtain a certificate of completion from ShanghaiTech University.

**APPLICATION DEADLINE: March 27, 2020**
